

Your Wedding Day on beautiful Sydney Harbour

Your wedding day should be the most memorable day of your life. Imagine a unique celebration aboard the Blue Moon Majestic on Sydney Harbour.

Having your wedding or reception on the harbour can be easier than trying to organise a function centre.

Sydney Event Cruises can help you to plan your decorations, catering, photos, cake and flowers. We will coordinate everything for you so all you have to do is come dressed for the occasion.

The Blue Moon Majestic is fully air-conditioned for comfort in Summer or the cooler months. We have a professional DJ, sound and lighting system or your favorite band if you prefer.

Pick up can be arranged at a location convenient for you and we can design the cruise course and structure according to your requirements.

The Blue Moon Majestic can accommodate 50 – 170 guests (on two levels or 110 on a single level) for banquet style dining or up to 270 guests for casual cocktail receptions.
